Chrome Developer Tools

Adobe XD

Basic Photoshop

Slack

Spanish

Canva

Professional Summary

I strive to be better than I was the day before, to continuously learn useful skills and put them to real-world use.

Work History

Freelance - Web Developer November 2016 - Present
Building websites from the ground up and updating existing sites whether they are hand-coded or built with a CMS.

☐ HTML ☐ CSS ☐ JavaScript ☐ Git/Github ☐ Sass
☐ Bootstrap ☐ SEO ☐ Atom ☐ WireFraming
☐ Terminal(OSX) ☐ Visual Studio Code ☐ Squarespace

UCLA Recreation - Computer Programming Instructor

Summer 2018

My role was to teach Middle Schoolers and High Schoolers in-demand programming languages and modern industry tools. A co-instructor and I developed our own curriculum from scratch, this allowed us to teach our students a wealth of information. These are some of the technologies taught:

☐ HTML/CSS ☐ JavaScript ☐ Python ☐ Git/Github
☐ Sublime Text ☐ Command Line/Terminal ☐ Debugging
☐ Agile Methodologies

Sox World Inc. - E-commerce Associate August 2017-July 2018
As the only person in the E-commerce department these were some of my responsibilities:

☐ Manage BigCommerce/Shopify/eBay/Amazon ☐ Social Media
☐ Gimp ☐ Product Photography ☐ Process Orders ☐
SEO ☐ Recruiting & Staffing Initiatives ☐ Edit Web
Content ☐ Customer Service ☐ HTML

Affiliations/Volunteer

Rails Girls LA - Recurring coach

As a coach for this two day workshop I guide them by explaining the new technologies they are working with:

☐ Git/Github ☐ Ruby on Rails ☐ Heroku
