Ruby

Chrome Developer Tools

Adobe XD

Basic Photoshop

Slack

Spanish

Canva

Professional Summary

I strive to be better than I was the day before, to continuously learn useful skills and put them to real-world use.

Work History

Freelance - Web Developer

November 2016 - Present

I build websites from the ground up and update existing sites whether they are hand-coded or built with a CMS.

☐ HTML ☐ CSS ☐ JavaScript ☐ Git/Github ☐ Sass
☐ Bootstrap ☐ SEO ☐ Atom ☐ WireFraming
☐ Terminal(OSX) ☐ Visual Studio Code ☐ Squarespace

UCLA Recreation - Computer Programming Instructor Summer 2018

I taught Middle Schoolers and High Schoolers in-demand programming languages and standard modern industry tools. A co-instructor and I were responsible for developing our own curriculum, this allowed us to teach our students a wealth of information. These are some of the technologies taught:

☐ HTML/CSS ☐ JavaScript ☐ Python ☐ Git/Github
☐ Sublime Text ☐ Command Line/Terminal ☐ Debugging
☐ Agile Methodologies

Sox World Inc. - E-commerce Associate

August 2017-July 2018

As the only person in the E-commerce department these were some of my responsibilities:

☐ Manage BigCommerce/Shopify/eBay/Amazon stores
☐ Edit images with Gimp ☐ Product Photography
☐ Process Orders ☐ Shipping integration ☐ SEO
☐ Create/Post job listings ☐ Reach out to potential hires
☐ Interview candidates ☐ HTML ☐ Manage Social Media
☐ Add/edit website content ☐ Customer Service

Affiliations/Volunteer

Rails Girls LA - Recurring coach

I am a recurring coach, During this two day workshop I guide them by explaining new technologies they are working with:

☐ Git/Github ☐ Ruby on Rails ☐ Heroku
